To Whom it May Concern:

I want to thank your company and staff for the super job they did moving our furniture on Friday, August 3, 2001.

My contact with your company started off on the right note by dealing with Wendy on the phone. She was very friendly, helpful and professional in all of my conversations with her.

The men that showed up on Friday morning were just as friendly and professional. The foreman, "Popcorn", was very polite and obviously knew what he was doing. The other two, Patrick and Stacy were as well.

All of my articles were moved and handled like they were their own. Nothing was damaged and all three worked fast, but carefully, taking time to protect all items...even in the one hundred degree heat.

Before securing your services I had contacted several other companies and I was just not impressed with any of them.

I will be happy to recommend Around the Block Moving to anyone!

Sincerely,

A handwritten signature in black ink, appearing to read "Dennis McKee". The signature is written in a cursive style with a large initial "D" and a long horizontal stroke at the end.
