Re: Move at 4500 Westgrove, Suite 222

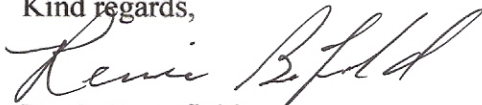

Dear Mike:

I want to write you about your team members, Stephen Comer and Ronnie Bell. They are a great team members with your company who came to help us move today. They worked together, communicated well with each other and me, the client. They were also very professional and respectful.

One particular point that impressed me is that they looked for things to do. They went beyond just doing "the job." They are a real asset to your company.

Thank you for sending us these men who made our morning move a great start to the today.

Kind regards,

Renée Bromfield
Assistant to James Keyes (Building owner)
