Dear Jim:

Thank you for the follow-up call a few moments ago regarding my move by your company on May 1st. It's simply another indication of the kind of superior service I've come to expect from your company.

As I stated a few moments ago, my move went very well thanks to your two movers, J. D. Hurst and Ronnie Johnson. Everything they moved was handled with care and consideration. They were dependable, efficient, courteous and friendly, and highly professional.

As quality service is so very difficult to find these days, I was surprised and more than pleased to be extended this professional courtesy from beginning to end by yourself and the two young men from your company. I look forward to Around The Block Moving handling any future moves for me, and would highly recommend your company to anyone requiring moving services. Again, my thanks to all of you.

Best Regards,

Donna Rader
