RE: Moving service provided by Gary & Kendrick of ATBM

Summer:

Just wanted to send a quick note to your firm to say thank you for making my moving experience a pleasant one. The crew was on time as promised. In addition, they were very courteous and pleasant to be around. I especially liked the fact that the home office called during the move to ensure that the crew was progressing as planned. As the old saying goes, "you never get a second chance to make a good first impression," well, as a first time user of your service, you can feel confident that I was impressed.

Regards,
